Lab02-Basic Python

Lab02-Basic Python

YY: 11

For each of the first 10 exercises, please submit your Python source code along with a screenshot showing that your solution was accepted on the online judge (e.g., Codeforces, LeetCode).

In addition, include a README.md file describing how AI assisted you with these exercises.

Please make sure your submission follows the folder structure described in the Policies.

Exercise 1

https://codeforces.com/problemset/problem/1/A

Exercise 2

https://codeforces.com/problemset/problem/2/A

Exercise 3

https://codeforces.com/problemset/problem/3/A

Exercise 4

https://codeforces.com/problemset/problem/4/A

Exercise 5

https://codeforces.com/problemset/problem/5/A

Exercise 6

https://codeforces.com/problemset/problem/6/B

Exercise 7

https://codeforces.com/problemset/problem/7/B

Exercise 8

https://codeforces.com/problemset/problem/8/B

Exercise 9

https://codeforces.com/problemset/problem/9/B

Exercise 10

https://codeforces.com/problemset/problem/10/B

Exercise 11

What did you contribute to the group project this week? Please include your Git commit log as a text file.
